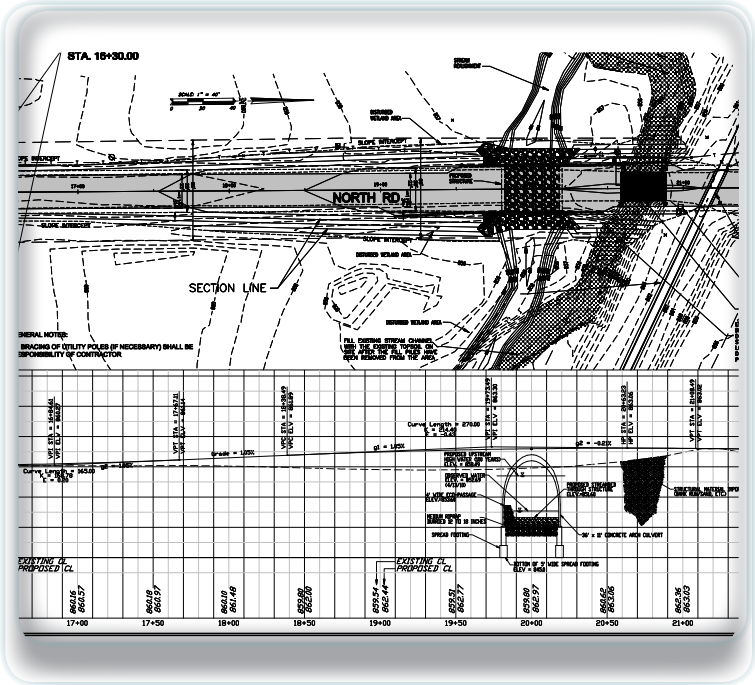
PROJECT BRIEF

North Road Bridge and Approaches



Location: Darien, Wisconsin

Client: Town of Darien

Project Year: 2010

Lead Batterman Staff: Tony Fortin, PE

Client Contact:

Bill Shimer, Public Works Supervisor
Tel: (262)882-3658

Project Description

The North Road Bridge and approaches was a locally funded bridge replacement project. Due to the nature of this project, significant coordination with the Wisconsin Department of Natural Resources and railroad were paramount concerns in this project.

Batterman Services

- Water surface profiling
- Hydraulic analysis
- Rerouting of stream to increase clearance from adjacent railroad line
- WDNR & Railroad coordination
