

## **Senior Project Engineer**

R.H. Batterman and Co., Inc. (Batterman) is adding to our Team due to company growth and the implementation of our company strategic plan. We are a 102-year-old multi-discipline firm with a successful history as a leader in Civil, Transportation and Municipal Engineering industries. Batterman has an exciting opportunity for the right candidate!

As a part of our growing team, the Senior Project Engineer will provide design and construction management of various transportation, site development, infrastructure, and facility improvement projects, including guidance and mentorship of younger engineers and technicians. Teaming with other resources in the firm, this candidate will also be responsible for ensuring the firm maintains strong existing client relationships that are essential to a client-focused service while also participating in the pursuit of new clients, projects and emerging markets.

To be successful in this role, you will need:

- Bachelor's Degree in Civil Engineering or related field and 8+ years of Civil Engineering work experience
- Wisconsin Professional Engineering (PE) license (or the ability to obtain within six months)
- Ability to perform design engineering tasks including, but not limited to, grading, utility design, drainage and storm water management design and analysis, erosion control, report writing, specification, bid document and contract development
- Ability to lead a team of engineers and technicians to complete projects within agreed-to time and budget constraints
- Ability to multi-task and work on or manage multiple projects concurrently
- Knowledge of regulatory agency permitting requirements and processes
- Experience with Microsoft Office, AutoCAD Civil 3D, HEC-RAS, WinSLAMM and other design suite software products
- Strong organizational skills with the ability to communicate clearly and effectively in writing and verbally

In exchange for your talents, Batterman offers competitive compensation and a generous benefits package, including health/dental and vision insurance, L/S Disability insurance, company matching retirement and paid time off. We are committed to using the latest technology and equipment available to our industry. We offer a comfortable office environment and will provide the successful candidate with opportunities for advancement in our growing company.

We are proudly located in Beloit, Wisconsin, a community that is experiencing a true renaissance of redevelopment along the banks of the Rock River. We are a full-service engineering, planning and land surveying firm working with public and private sector clients throughout Wisconsin and Northern Illinois.
