

Engineering Technician

R.H. Batterman and Co., Inc. (Batterman) is adding to our Civil Engineering Team due to company growth and the implementation of our company strategic plan. We are an established multi-discipline firm with a successful and long history as a leader in the Civil Engineering and Survey Profession. Over the past 103 years our firm of 29 employees has not encountered much turnover, other than through planned retirements. Due to increasing project workloads, and planned Company growth, Batterman has an exciting opportunity for the right candidate. We understand the best way to continue to provide excellent service to our clients is to hire talented, technically competent, motivated employees who are ready to continue the long Batterman tradition of being committed to our employees and community.

Position Description – Engineering Technician

As part of our Civil Engineering team you will assist in the design and construction management of various transportation, land/site development, infrastructure and facility development projects. Duties will include drafting, quantity verification, construction inspection and overall assistance to the project leader. This position offers tremendous growth opportunity and will require a basic knowledge of Drafting and Civil Technician duties. A successful candidate will need to have background in or a desire to learn about the following areas:

- Site Plan Design and Plan preparation.
- Municipal Infrastructure
- Private Development
- Land surveying (occasionally providing support to our survey department)
- Construction inspection with the proper documentation
- AutoCAD proficiency is desired, but we will train the right candidate.

This position will require collaboration with our Team in order to maintain project timelines, budgets and Client expectations.

Other requirements:

- Valid driving license and driving record acceptable to our Company insurance provider
- Initiative, self-motivation and a desire to be challenged
- Independent worker and ability to work within a diversified project team of professionals
- Ability to communicate with a Project Leader
- Accountability
- Ability to keep clear and concise project records and files

In exchange for your talents, Batterman offers competitive compensation including base salary, a generous benefits package, including health/dental and vision insurance, L/S Disability insurance, company matching retirement and paid time off. We are committed to using the latest technology and equipment available to our industry. We offer a comfortable office environment and can provide the successful candidate with opportunities for advancement.

We are proudly located in Beloit, Wisconsin, a community that is experiencing a true renaissance of redevelopment, along the banks of the Rock River. We offer Civil, Municipal, Transportation and Land Surveying services to public and private sector clients throughout Wisconsin and Northern Illinois. . We are committed to investing in our employees and we provide a challenging and rewarding environment where you can grow both personally and professionally.
